

# Business Schools for Climate Leadership

## “BS4CL Middle East”

**Organized by:** PRME Middle East

This session aims to foster collaboration and alignment among Business Schools in the Middle East toward Climate Leadership, seeks to build on the momentum generated at COP26 by the original Business Schools for Climate Leadership (BS4CL) in Europe and BS4CL Africa at COP27.

PRME Middle East Business Schools at the forefront of climate leadership, together with businesses and educational stakeholders, promoting sustainable practices, driving impactful change to create a cohesive and powerful network dedicated to environmental sustainability, climate resilience and carbon literacy for the Middle East Region.
